

Science Homework Week 23 (_____)

Monday – Take a regular sized piece of computer paper and fold it into 2 parts. Draw 2 pictures for the Precambrian time period. Work with your group so that you each do 2 different things. My events are _____.

Make sure you have finished the Geologic Timeline Questions.

Tuesday – Vocabulary 23

Imprint—a mark made by pressure from an object

Decompose—to break down into simple parts (to rot or decay)

Half-life—the time it takes for half of something radioactive to change into another form

Absolute dating—using radioactive dating to find when an object came from

Relative dating—using layers of rock to estimate when an organism lived compared to other organisms

Wednesday – Finish the one page Review sheet. Be sure to read and follow the directions!

Check your notebook and make sure your notebook is ready to turn in!

Thursday – No School tomorrow
